

An aerial photograph of a lush green landscape. A winding river or stream flows through the center of the frame. In the lower-left quadrant, there is a small, white, rectangular building with a dark roof. The overall scene is bright and natural, with varying shades of green and some white patches of snow or light-colored ground.

HOLIDAY 2019
LIBRARY PROGRAMMING GUIDE

creativebug®

The holiday season is the perfect time to share your creativity with friends and family. Whether making a gingerbread house with little ones, knitting a gift for a friend, or making something to decorate your home, these next few months we have classes that will instruct and inspire you through the busiest time of year.

Remember... *You're more creative than you think!*
