

NOTICE

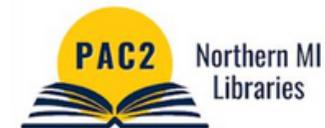

Libby will be experiencing some maintenance Tues, Feb. 28th, which will allow it to merge with the new App available to our patrons!

This means patrons will need to remove their "old card" from the system, and re-enter their credentials in the Libby App anytime after Feb. 28th. This will allow their account to connect through the new connection. This will need to be done with every collection they've added as well.

Patrons should NOT delete the Libby App, just remove their old card.

See instruction below.

How to delete and add your new account in Libby.

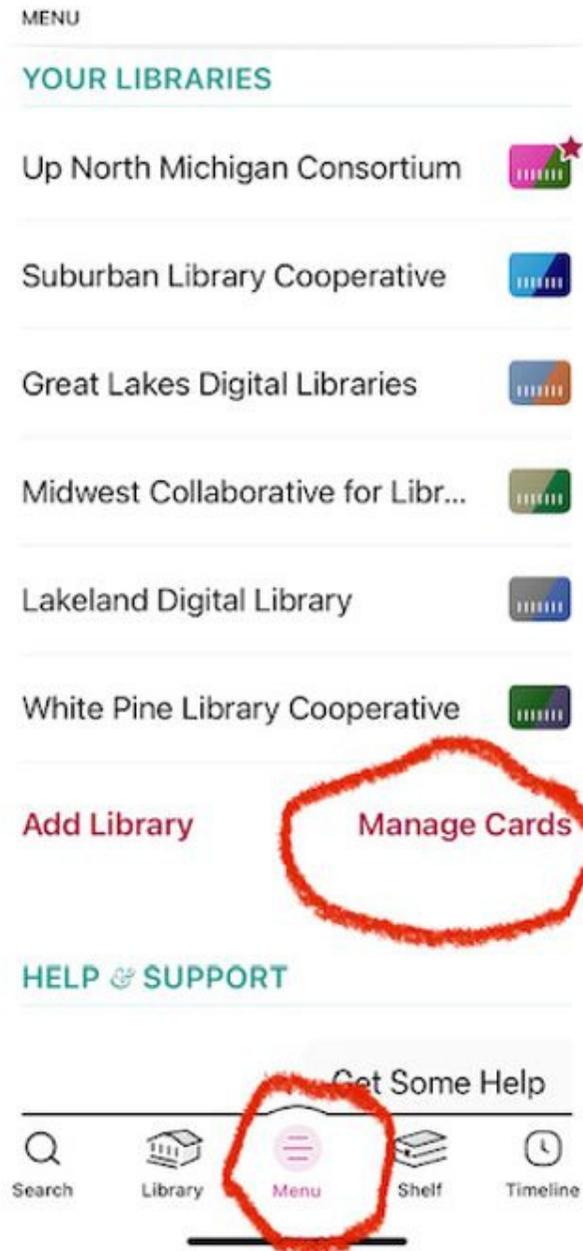

STEP 1

Open the Libby App.

Go to "Menu"

Select "Manage Cards"

How to delete and add your new account in Libby.

STEP 2

Select "Actions"
on your collection card.

Then select "Remove Card"
from the list.

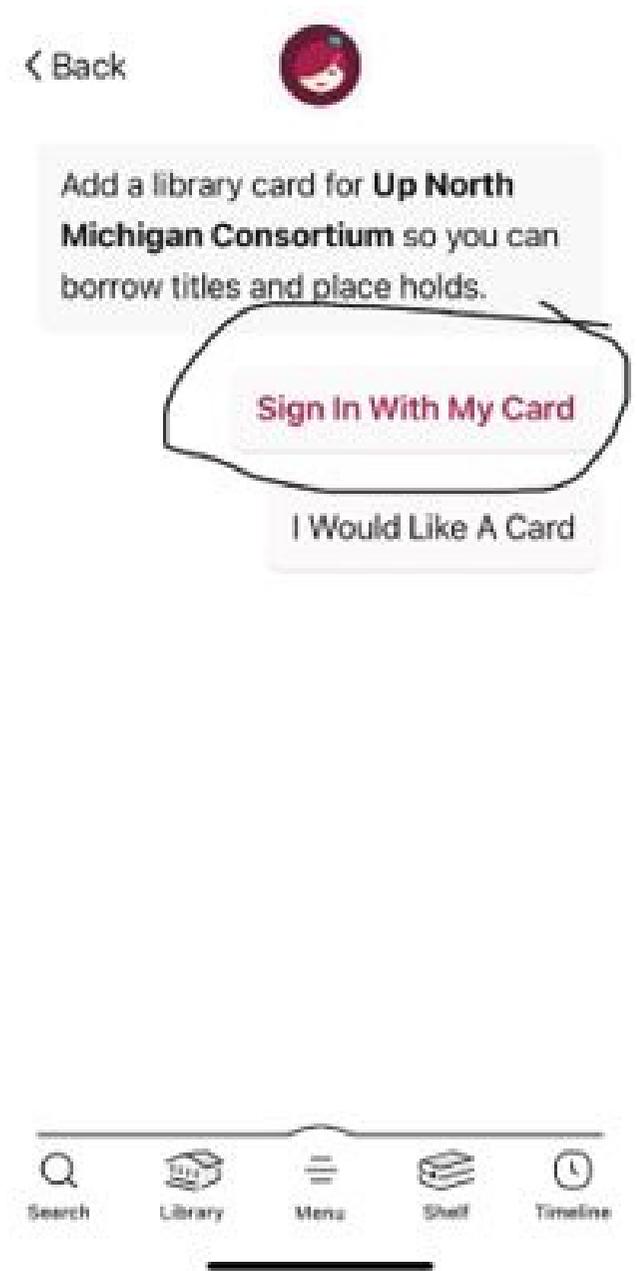

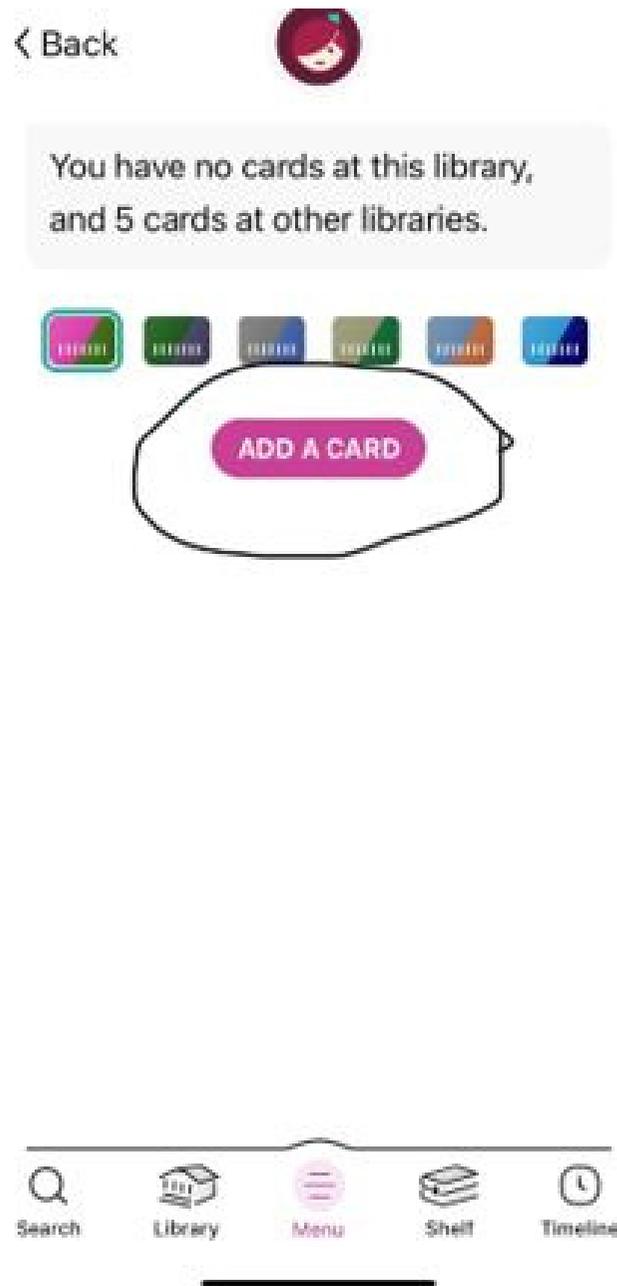

How to delete and add your new account in Libby.

STEP 3

Select "Add A Card"

Then select

"Sign In With My Card"

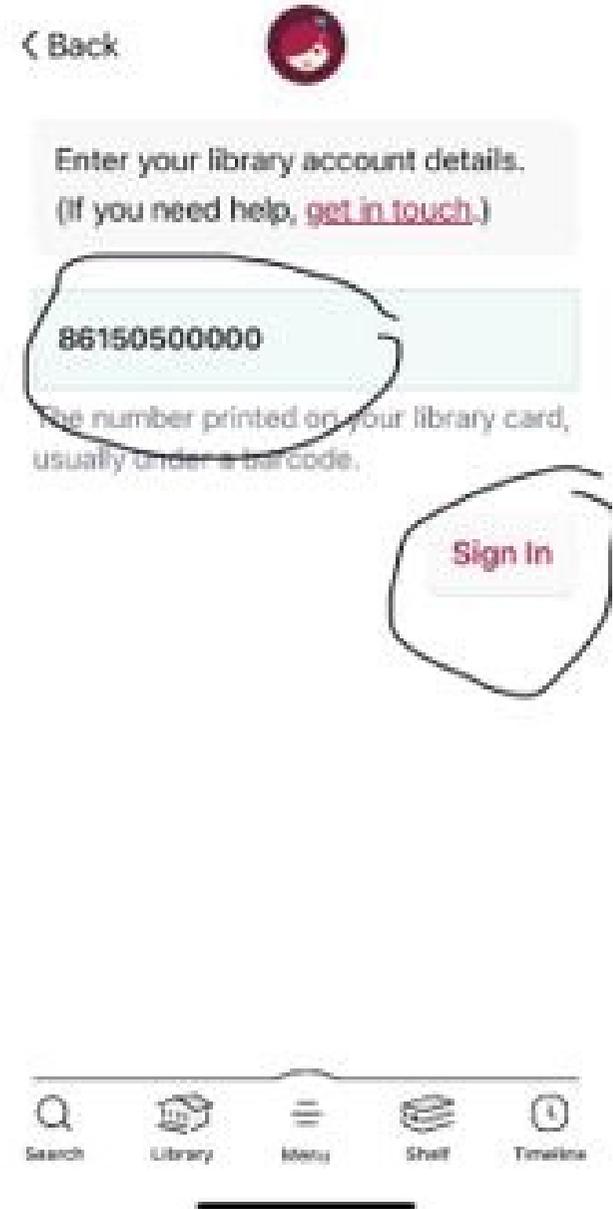

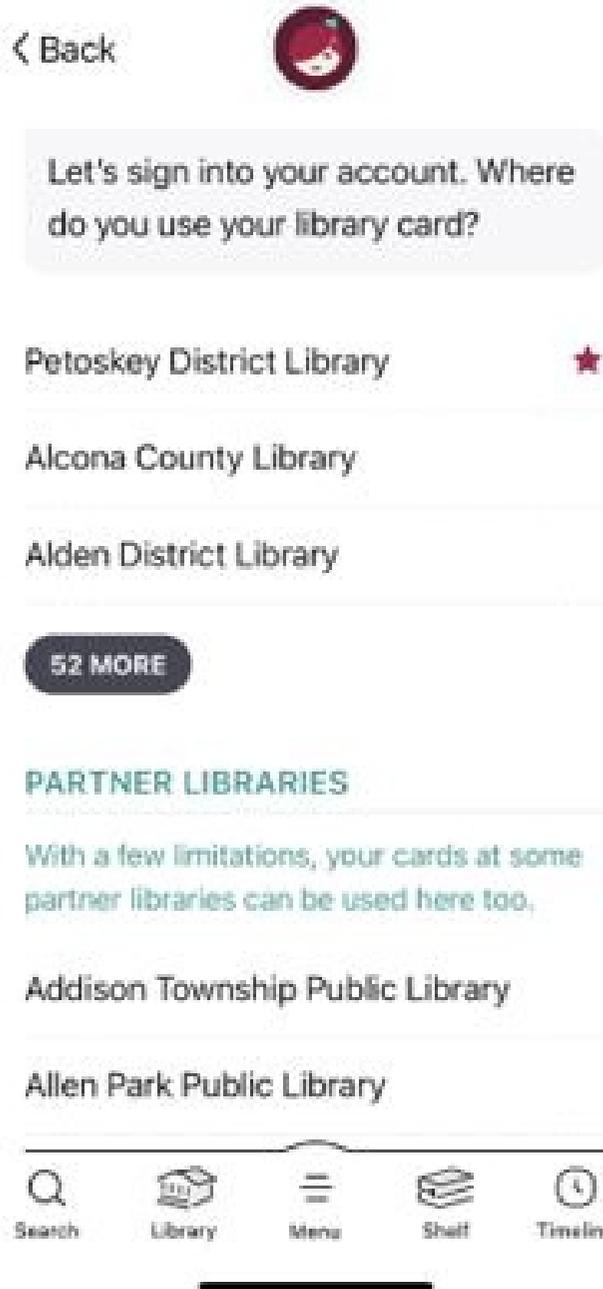

How to delete and add your new account in Libby.

STEP 4

Select "Presque Isle District Library" from the list.

Enter your Library Card Number when prompted. Then select "Sign In"

How to delete and add your new account in Libby.

STEP 5

Your Library Card should show with your current information on your card.

This means the new connection is now operating within your Libby App.

Congratulations! You're ready to use our digital content!

Your improved connection should be up-and-running!

If you have any questions, please give your local PIDL
Branch a call at
989.734.2477

This updated merge will allow Libby to sync with the new
PAC 2 Northern MI Libraries App, or BiblioApp, to
provide better service to our digital patrons!
